

EMU

ADVENTURE SERIES FORWARD FOLD

DESIGN & BACKGROUND

> DESIGN

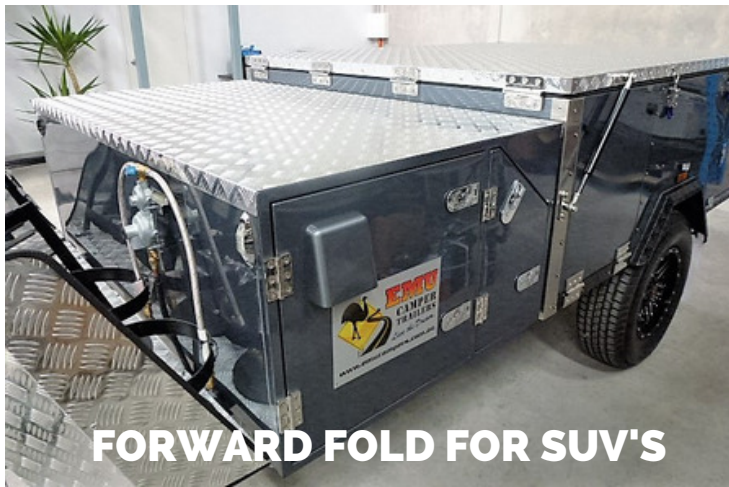

Looking for a lighter weight Forward Fold for your SUV then this NEW RELEASE EMU Adventure series is designed to be a perfect match for your intended application. This quality camper is designed to suit your vehicles Ball Weight & Tare Weight limitations.

With "Super Glide" Independent Coil Suspension you are assured of a comfortable ride wherever you travel on your next camping destination.

The 'Adventure Series' Forward Fold camper is fully featured and with a tare of only 950 kg & a ball weight of 95 kg will ensure your next camping holiday is stress free.

> BACKGROUND

Rhys Jones, owner of EMU Campers designed his first camper trailer back in 1969. It bears a close similarity to today's EMU camper trailers.

FORWARD FOLD FOR SUV'S

DESIGNED BY EMU

Manufactured to our exacting requirements you will be impressed with the Quality of the standard equipment fitted into this range of Forward Fold Emu Campers. They weigh some 500 kg less than the tradition Heavy Weight Forward Folds on the market but are capable of traversing any terrain you are confident in taking your tow vehicle over, particularly SUV 's..

The 'U' shaped lounge area converts into another double bed if required.
